BREATHE YE

(drawn from selected writings of Abdu'l Baha)

(Chorus) *Breathe ye, breathe, breathe,
breathe ye the fresh breath of life
into the world's worn and wasted body
the fresh breath of life
fresh*

(repeat Chorus)

*singing of inner truths
and singing of mysteries
and in the furrows of every region
sow ye Holy seed*

(Chorus)

*in the meeting place of life
in the meeting place
the meeting place of life
be dazzling, dazzling stars
the skies of this world
in the gardens, the gardens of unity
be birds of the spirit,
birds of the spirit.*

Well now,

(Chorus)

*Breathe ye the fresh breath of life
Breathe ye the fresh breath of life
Breathe ye the fresh breath of life*
