BREATHE YE

(drawn from selected writings of Abdu'l Baha)

(Chorus) *Breathe ye, breathe, breathe,
breathe ye the fresh breath of life
into the world's worn and wasted body
the fresh breath of life
fresh*

(repeat Chorus)

*singing of inner truths
and singing of mysteries
and in the furrows of every region
sow ye Holy seed*

(Chorus)

*in the meeting place of life
in the meeting place
the meeting place of life
in the skies, the skies of this world
birds of the spirit.*

Well now,

(Chorus)

*Breathe ye the fresh breath of life
Breathe ye the fresh breath of life
Breathe ye the fresh breath of life*
